

First/Then.

- If you are having difficulty engaging your child in the table activity, you may need to give the child an incentive.
- Choose one of your child's favourite activities. Then, tell and show your child: "First puzzle (table top activity)...Then cars (child's favourite activity)."
- Use a piece of the activity or picture of the activities for the above.
- You may want to introduce a first/then object or picture schedule with your child.

First/Then Example.

(Attach pictures or object using velcro, glue or tape).
